## Icarus and daedalus story answers

In order to continue to enjoy our website, we ask you to confirm your identity as a person. Thank you for your cooperation. Why does daedalus come to Crete first? Is it his own fault? What are some of the Daedalus's most famous inventions? What do you think (or was) most useful? How about a crazier? Ancient Greek writers give two possible reasons why King Minos becomes so angry in the Daedalus. Can you name them? What makes more sense? What materials can I use to enjoy your famous wings? If someone gave you wings of these materials, would you use them? Why did Daedalus tell The Ikaus to fly on average? Was he a reasonable or too defensive parent? Is it better to play safe or try to achieve your loftiest, craziest goals? But this story will help you answer that? After the Daedalus and Ikaus take off, who sees them from the ground? What would you do if you saw a similar sight in the sky? How will the Daedalus react when the Bowl dies? Does he have a proper reaction to a father losing a son? Why do you think the Daedalus chooses to build a temple after the death of his son? Have you ever got involved in bad news with a big project? In your opinion, could the daedalus have done anything differently to prevent Ikarar's death?
