

I'm not robot!

In The Second Installment Of The Darkest Minds Trilogy, Ruby Joins Forces With The Revolutionary Children's League To Find Critical Information About The Epidemic That Has Torn Both Her Life And America Apart-- Overall: 5/5 Stars Characters: 4.5/5 Setting: 5/5 Writing: 5/5 Plot and Themes: 5/5 Awesomeness Factor: 5/5 Review in a Nutshell: Never Fade is the perfect sequel to The Darkest Minds. It is a must read for anyone who enjoyed the first, or even has the slightest interest in continuing the series. "Ghosts don't haunt people--their memories do." - Premise - Never Fade begins six months after the events of The Darkest Minds. It follows Ruby as she adapts to her new life and copes with the choices she made. - Writing - The pace is fast, with plenty of action scenes and witty dialogue. Alexandra Bracken's prose is absolutely beautiful, but she also manages to throw in plenty of laugh out loud moments. She really has mastered how to get emotions out of you. I always seem to be a wreck after finishing one of her books, I swear. "Forgive yourself, but don't forget" - Setting - Bracken continues to develop the setting and shows more of what is happening in this dystopian United States. I kept wanting to learn more about this world and I was always amazed by what was revealed. After reading, I was dying for the last book to put together all the pieces of the puzzle this series has been creating. - Characters - The characters are definitely what makes this book so outstanding. A few new characters are introduced in this novel, while also bringing back some of the original characters. Ruby's development from the first book to this one is so drastic. Sometimes I was kind of annoyed with her and how she acted but for the most part, I found her an interesting protagonist. Chubs is back in this book and still one of the best human beings. His and Ruby's friendship is so amazing and is a great example of how friendships should be. He also adds great comic relief while being such a unique and well-developed character. "Oh, I'm sorry," Chubs said, "apparently the middle of my sentence interrupted the beginning of yours. Do continue." " I won't talk too much about Liam, because spoilers, but I still love him as a character and honestly he really needs a hug. Poor guy. Also, there is a sad lack of Zu and I'm very upset by it. The new characters are all pretty interesting. Jude is by far the best. He adds in humor and innocence. Honestly, he is just a ray of sunshine and I want to protect him. "I don't want to just see someone's face; I want to know his shadow, too." Vida is... an interesting girl. At first, she's really frustrating and you just want to punch her, but by page 300 I was warmed up to her, and my opinion of her only continued to get better throughout the book. Cole Stewart is another character introduced in this book. While we had heard about him before, it was interesting to see him on the page. Definitely not my favorite Stewart brother, and I wish there was more time spent on him in this book, but he's still a compelling character and I look forward to seeing where his arc goes and as well as his relationship with Liam. - Conclusion - Pros- Amazing characters, beautiful writing, fascinating setting Cons- Ruby could get a little annoying Overall- 5/5 stars. Never Fade is a fantastic, heartbreaking sequel to an amazing novel. "Life isn't fair." I said. "It's taken me a while to get that. It's always going to disappoint you in some way or another. You'll make plans, and it'll push you in another direction. You will love people, and they'll be taken away no matter how hard you fight to keep them. You'll try for something and won't get it. You don't have to find meaning in it; you don't have to try to change things. You just have to accept the things that are out of your hands and try to take care of yourself. That's your job." - Add to Your Goodreads Shelf Purchase on Amazon Edit Book Trailer Never Fade is the second novel in the Darkest Minds series by Alexandra Bracken. Synopsis[] Ruby never asked for the abilities that almost cost her her life. Now she must call upon them on a daily basis, leading dangerous missions to bring down a corrupt government and breaking into the minds of her enemies. Other kids in the Children's League call Ruby "Leader", but she knows what she really is: a monster. When Ruby is entrusted with an explosive secret, she must embark on her most dangerous mission yet, leaving the Children's League behind. Crucial information about the disease that killed most of America's children--and turned Ruby and the others who lived into feared and hated outcasts--has survived every attempt to destroy it. But the truth is only saved in one place: a flashdrive in the hands of Liam Stewart, the boy Ruby once believed was her future--and who now wouldn't recognize her. As Ruby sets out across a desperate, lawless country to find Liam--and answers about the catastrophe that has ripped both her life and America apart--she is torn between old friends and the promise she made to serve the League. Ruby will do anything to protect the people she loves. But what if winning the war means losing herself? Plot[] Characters[] Gallery[] Trivia[] References[] [] Don't miss this breathtaking collection of stories set in the world of the New York Times best-selling Darkest Minds trilogy. Featuring ebook original novellas In Time and Sparks Rise, available in print for the first time, and a gripping, brand-new novella, Through the Dark is a must-have for fans of the Darkest Minds.This collection contains three novellas: In Time, Sparks Rise, and Beyond the Night.IN TIMEGabe's life has been devastated in the wake of the economic crash. The only option left for someone like him to escape his tragic past is to leave his small town behind and to attempt to become a skip tracer. This already almost-impossible task is made all the more difficult by his first "score," a young girl who won't speak, but who changes his life in ways he could never imagine.SPARKS RISE Sam didn't think things could get worse at Thurmond rehabilitation camp. Then the Reds arrive. Everyone assumed the kids with firepower had been killed years ago. Instead they were taken away, brainwashed, and returned as terrifyingly effective guards. To her horror, Sam recognizes one of them: Lucas, the one spark of light in Sam's dark childhood.Lucas has a deadly secret--he beat the brutal training that turned his fellow Reds into mindless drones. When Sam defends herself against an attack by a vile PSF guard and faces a harrowing punishment, Lucas must risk everything to save her.BEYOND THE NIGHTNow that she's out of her camp, Mia only has one thought in her head: finding Lucas, her beloved older brother. She hasn't seen him since they were separated and taken to different camps years ago, before Mia even became Psi. When Sam, Lucas's childhood best friend, rescues Mia from the government's inept care, Mia learns that nothing is as simple as she thought--and the past that she's so desperate to salvage may not be possible to recover...Hyperion Book CH; First Edition (November 5, 2013) #545,212 in Books (See Top 100 in Books) #240 in Children's Dystopian Fiction Books #1,474 in Teen & Young Adult Dystopian #1,503 in Teen & Young Adult Science Fiction & Dystopian Romance 4.6 out of 5 stars 1,968Reviews Read an excerpt of this book! Book two in the hit series that's soon to be a major motion picture!Ruby never asked for the abilities that almost cost her her life. Now she must call upon them on a daily basis, leading dangerous missions to bring down a corrupt government and breaking into the minds of her enemies. Other kids in the Children's League call Ruby "Leader", but she knows what she really is: a monster. When Ruby is entrusted with an explosive secret, she must embark on her most dangerous mission yet: leaving the Children's League behind. Crucial information about the disease that killed most of America's children--and turned Ruby and the others who lived into feared and hated outcasts--has survived every attempt to destroy it. But the truth is only saved in one place: a flashdrive in the hands of Liam Stewart, the boy Ruby once believed was her future--and who now wouldn't recognize her. As Ruby sets out across a desperate, lawless country to find Liam--and answers about the catastrophe that has ripped both her life and America apart--she is torn between old friends and the promise she made to serve the League. Ruby will do anything to protect the people she loves. But what if winning the war means losing herself? ISBN-13: 9781423157519 Publisher: Disney Press Publication date: 10/15/2013 Series: Darkest Minds Series #2 Pages: 512 Sales rank: 534,711 Product dimensions: 5.50(w) x 8.40(h) x 1.70(d) Lexile: 870L (what's this?) Age Range: 12 - 17 Years 01/01/2014Gr 7 Up--Ruby is a member of the Children's League, a group of young people who survived the catastrophic illness that has killed most children in America. The survivors are blessed-or cursed-with a variety of supernatural powers, from great physical strength to Ruby's ability to invade and control the minds of others. These talents make the children valuable to the corrupt government. However, the adults controlling the League turn out to be corrupt themselves. When Ruby realizes that the latest mission she has been sent on was designed to eliminate some members of her team, she decides to circumvent the League. The teen sets out with one of her friends, Jude, in search of a flash drive that holds information that may offer a cure for the disease that killed so many children. They are soon joined by other members of the League. Struggling to survive winter in a lawless country with minimal supplies is difficult enough. Trying to keep everyone focused on the same goal when the team members aren't sure if they can trust one another is harder. When they finally find the boy with the flash drive, he is so ill that it's not clear if he will survive-or help them if he does. This fast-paced, suspenseful dystopian novel moves back and forth through time, jumping from one crisis to another, but frustratingly fails to completely fill in the backstory, which would have helped readers understand the characters' motivations.--Nancy Silverrod, San Francisco Public Library School Library Journal 2013-09-15In the follow-up to Bracken's The Darkest Minds (2012), readers jonesing for an adrenaline fix will delight in 16-year-old Ruby's return as a reluctant resistance fighter. Having erased every trace of herself from Liam's mind and abandoned her friends in order to protect them, Ruby throws herself into mission after dangerous mission for the Children's League. Though purportedly fighting to save a generation of children stolen from their families and locked away in camps for possessing powers they barely understand, it quickly becomes clear to Ruby that the good guys may not be so good after all. A Hail Mary mission to recover a flash drive containing secrets about the origin of the disease that killed most American children and left survivors a persecuted and feared band of misfits forces Ruby on a perilous cross-country journey. It's a ride worth taking with her, particularly as Ruby collects a small posse of sidekicks who again become the beating heart at the center of this dark, dystopian series. Ruby is a wonderfully flawed heroine: fiercely loyal to the ones she loves and refreshingly conflicted about the enormous power she possesses. The intricate plot and diverse cast of recurring and new characters make this book difficult to fully appreciate as a stand-alone. But after reading the first two books, readers will be left clamoring for the third. (Dystopian thriller: 14 & up) Kirkus Reviews "Ruby is a wonderfully flawed heroine: fiercely loyal to the ones she loves and refreshingly conflicted about the enormous power she possesses. . . [A]fter reading the first two books, readers will be left clamoring for the third."--Kirkus Reviews"A riveting, emotional read that kept me on the edge!"--New York Times best-selling author Melissa Marr"The story's quick-paced action leads to a heartbreaking cliffhanger that will have readers eager for the next book in this planned trilogy." --Publishers Weekly--Publishers Weekly"Bracken's latest maintains constant tension A new twist on dystopia, this is one not to miss."--Romantic Times --Romantic TimesPRAISE FOR THE DARKEST MINDS: "Haunting Bracken creates a gripping and terrifying dystopian world."--Kirkus Reviews From the Publisher
